

95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

<sup>3</sup>  
~~21.~~ The food composition defined in Claim <sup>1</sup>~~19~~ wherein the food excludes sulfuric acid and hydrochloric acid.

<sup>4</sup>  
~~22.~~ The food composition defined in Claim <sup>1</sup>~~19~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

<sup>5</sup>  
~~23.~~ The food composition defined in Claim <sup>1</sup>~~19~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.

<sup>6</sup>  
~~24.~~ A food composition comprising a food including sodium bisulfate added in an amount effective to act as an acidulant in the food, the added sodium bisulfate having a moisture content of less than 0.8% by weight, and the added sodium bisulfate containing less than 0.003% heavy metals, less than 0.05% water insoluble substances and less than 0.003% selenium by weight, and the food further including moisture in an amount effective to dissolve the sodium bisulfate.

<sup>7</sup>  
~~25.~~ The food composition defined in Claim <sup>6</sup>~~24~~ wherein the sodium bisulfate is added as a product consisting essentially of from about 91.5% to about 95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

<sup>8</sup>  
~~26.~~ The food composition defined in Claim <sup>6</sup>~~24~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

<sup>9</sup>  
~~27.~~ The food composition defined in Claim <sup>6</sup>~~24~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.

<sup>10</sup>  
~~28.~~ A food composition comprising a food including sodium bisulfate added in an amount effective to act as an acidulant in the food, the added sodium bisulfate having a moisture content of less than 0.8% by weight, and the added sodium bisulfate containing less than 0.003% heavy metals, less than 0.05% water insoluble substances and less than 0.003% selenium by weight, the food further including moisture in an amount effective to dissolve the sodium bisulfate, and the food excluding sulfuric acid and hydrochloric acid.

9.1  
cont.  
<sup>11</sup>  
~~29.~~ The food composition defined in Claim <sup>10</sup>~~28~~ wherein the sodium bisulfate is added as a product consisting essentially of from about 91.5% to about 95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

<sup>12</sup>  
~~30.~~ The food composition defined in Claim <sup>10</sup>~~28~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

<sup>13</sup>  
~~31.~~ The food composition defined in Claim <sup>10</sup>~~28~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.
